Mr. Bryan Hill  
County Executive

Dear Chairman McKay, County Board Members, and Mr. Hill,

As my Chief of Staff shared with Mr. Hill and reiterated with Chairman McKay, I am writing to respectfully request that the Fairfax County Police Department establish an expanded security perimeter around the homes of the three current Justices Supreme Court Justices who reside in Fairfax County.

This request is based on credible and specific information received about upcoming activities planned at or involving the homes of the Justices in Fairfax County. We believe for the safety of the Justices and their families, their neighbors, and the law enforcement heroes dedicated to preserving peace and order in our communities, that an expanded security perimeter should be established. Establishing a perimeter will ensure both the safety of the Justices, their neighbors and the demonstrators.

The Virginia State Police have offered and stand ready to provide their assistance to Fairfax County Police. We are prepared to provide the manpower and resources necessary to

ensure a safe perimeter, which should include limiting unauthorized vehicle and pedestrian access, and be established prior to planned events on Wednesday, May 11, 2022.

As you know, the initial law enforcement response lies at the local level, and the Virginia State Police's involvement will only occur at the request of the local police. In addition to my clear safety concerns, I fundamentally believe such demonstrations and picketing should not be allowed at the Justice's homes as they are meant to intimidate and influence the Justices, not to mention, scaring their families and small children. Our Secretary of Public Safety and Homeland Security Robert Moiser and the Virginia State Police are prepared to assist and support Fairfax County in this coordinated effort to protect the peace and safety of the Justices, their families, and the neighborhoods in which they live.

Sincerely,
